Report Period: Sept 14-Sept 27

Summary of Progress in this Period

Our group met our client/advisor to show what progress we've made so far. He was liking the idea behind our block diagram, but there was a couple of key points that were made as we were finalizing a prototype.

Plans for Upcoming Reporting Period

We plan to have a finalized block diagram to show our advisor/client the next time we meet. From there, we can discuss other necessary and/or optional requirements they may have for our design. Hopefully then we can start piecing together different components needed to bring our project to life.
