Report Period: Sept 28-Oct 11

Summary of Progress in this Period

Some progress has been made to our block diagram. Showing our advisor/client went well, he added some thought-provoking ideas and challenges we could potentially overcome once we are ready to build our prototype.

Plans for Upcoming Reporting Period

We now need to start looking for actual pieces to build our prototype. While that stage is far away, however, it's never too early to start reshaping our product. This includes looking for items such as components, a finalized circuit, and a box to put the circuit in.
